

One Day Industrial Visit, 2020

The Department of Biotechnology organized a one day industrial visit to **Mother Dairy**, Patparganj , Delhi on 20th February 2020 for B.Sc. 3rd year students .

The objective was to provide students an insight internal working of Mother Dairy and opportunity to learn practically through interaction regarding of the **milk Collection, Transportation, Testing, Processing and Manufacturing of other dairy products**. The students observed various stages for the production of milk and finally ended their visit by having a look and understanding the functioning of the processing units which the instructor had discussed with the students through presentation and video while he was describing the whole functioning of the plant. The visit was very useful for the students as they could now relate their theoretical knowledge with the practical exposure. It was a good learning experience for the students.
